It grows with your library, one or more units at a time.

It is highly finished throughout, and more perfect in construction.

Made in four grades, plain oak, quartered oak, imitation mahogany and

mahogany. The only Sectional Case without metal bands, thus giving the appearance of a solid piece of furniture.

The only Sectional Case with solid sliding reference shelf.

The only Sectional Case with extra shelf under the door, which protects the books from dust and dirt, and marring the edges. Also making a perfect air cushion so the doors close noiselessly.
